SUMMARY

Passionate Software Engineer with 5+ years of experience in developing web, mobile applications and backend systems. Skilled at writing clear, concise code that is easy to maintain and troubleshoot. Experienced in working with both small and large teams across multiple projects and companies. Able to work independently of remote locations or in office environments as needed by the company.

PROFESSIONAL EXPERIENCE

Full Stack Developer 02/2022 - Present

Many Hats Software

Vancouver, BC

- Successfully introduced a variety of products, including mobile applications and web-based solutions, in an efficient manner
- Engaged with potential customers to understand their requirements and product needs while also supporting our financial team in estimating the development costs
- Redesigned and overhauled the corporate website to incorporate a fresh design and integrate modern technologies
- Played a vital role in fostering a culture of innovation within the development team, driving continuous improvement, and harnessing emerging technologies to stay ahead of industry standards and deliver cutting-edge products

Mobile Developer 02/2021 - 02/2022

Kid Security

Astana, KZ

- Updated the codebase from legacy class based components to modern functional components with react hooks
- Improved the app's stability by revamping the codebase and optimizing the integration of the Redux store, resulting in reduced prop drilling and significant enhancements in readability
- Participated in weekly company meetings to assess weekly progress and propose innovative approaches for future development
- Maintained close communication with the UI/UX team to coordinate design and UX enhancements while adhering to best practices. Simultaneously, collaborated with the QA team to conduct testing for new features and resolve any identified bugs

Lead Mobile Developer 09/2018 - 02/2021

Rocket Firm

Astana, KZ

- Assisted the company in establishing its mobile development capabilities. Started as a sole mobile developer in the company.
- Later, led a small team consisting of four other mobile developers and maintained continuous communication between various departments, project managers, QA, and designers. This coordination ensured the on-time delivery and quality of our products
- Managed and allocated tasks, prioritizing workload and ensuring team efficiency.
- Used Agile methodology to enhance project adaptability, collaboration, and responsiveness to changing customer needs, resulting in improved project outcomes and client satisfaction.
- Utilized the JIRA project management system for streamlined project tracking, task management, and team collaboration

EDUCATION

Bachelor of Science, Computer Science 09/2006 - 05/2010

Astana IT University

Astana, KZ

Aviation Management 09/2012 - 05/2015

Algonquin College

Ottawa, ON

ACHIEVEMENTS

Legacy code base overhaul

while employed as a mobile developer at Kid Security, I modernized the legacy codebase by transitioning it to utilize more contemporary functional components with React hooks

Establishment of a mobile department

during my tenure at Rocket Firm, I gained expertise in mobile development and played a pivotal role in securing additional mobile contracts for the company. This contribution led to the expansion of the mobile development team.

Fully custom CMS website

while at Manyhats Software, we embarked on the project of creating a fully customized CMS website for a client. Remarkably, we aimed to accomplish all of this within a tight two-month timeframe.

SKILLS

Frontend

JavaScript ES6 · React Native · React · NextJS · Redux Toolkit · RTK Query · Saga/Thunk · SASS · Tailwind · Typescript

Backend

NodeJS · Express · MongoDB · Firebase

Cloud

AWS · Google Cloud · Digital Ocean

STRENGTHS

🧩 Versatile Skill Set

I possess proficiency in both front-end and back-end technologies, allowing me to handle a wide variety of tasks and projects effectively.

⚙️ Problem-Solving

I excel at problem-solving, thanks to my capability to identify and address issues across the entire technology stack

🗣️ Communication

My strong communication skills allow me to collaborate effectively with cross-functional teams, stakeholders, and clients
